National Reconciliation Week celebrates the rich culture and history of the Indigenous Australians.

This year's theme is **'Let's Talk Recognition.'**

It's the ideal time for all of us to join the reconciliation conversation - in our schools, in our communities and in our homes to do something meaningful to celebrate and respect Aboriginal culture so that reconciliation is a shared venture.

SCHOOL AS COMMUNITY CENTRE NEWS

Franklin's Walking School Bus - Every Wednesday Morning and Afternoon

Do you live in or around Laurel Pl, Banksia Crst, Forest St, Lambie St, Gadara Pl or Simpson St? Do your children walk to and home from school? Why not jump on Franklin's Walking School Bus!

A walking school bus is aimed at K-Year 3 kids (but all students are welcome) who walk to and from school along a safe and enjoyable set route. There is also a bus driver and conductor, one 'drives' the bus from the front while the conductor supervises from behind. Extra parents are more that welcome to come along for the ride and the walking bus will pick children up along the way, and after school, drops them off on the designated walk back. The walking school bus promotes a safe way for kids to travel to school; it will give children an opportunity to expand on their road sense and traffic safety skills. It can also create friendships and a sense of place and community in your area.

Franklin's Walking School bus will leave at 8.30 from outside of Tumut Regional Family Services and make our way to Franklin School arriving at around 8.50 am. When you see us or hear the whistle, jump on and let's travel to school safely together. For more information or to volunteer to be a driver or conductor, please call Krystle on 6947 6961, or drop in to the Schools as Community Centres Building.

FRANKLIN FIVE - Week 5

- At school every day
- On time for lessons
- In uniform
- Homework completed

4S in Action

4S have been exploring the respiratory system in COGs. Brooklyn and Jack are holding our model of the lungs. The balloon (lungs) inside the bottle (rib cage) inflates and deflates as the cellophane (diaphragm) moves.

We measured our lung capacity by blowing up a balloon with one large breath. Gabbie is measuring the circumference of the balloon to discover Nate's lung capacity.

4S have been inspired by the CSIRO visit to carry out their own science experiments. Ethan and Dominic constructed a folded paper flower that floats on water. Once the folded paper was placed carefully on the water it opened like a flower.

MORTIMER SHIELD

The overcast and damp conditions could not prevent a great day of sport and friendship. Our two representative teams played with purpose and displayed excellent skill and teamwork.
