Triple P Tip #2: Talking With Your Child.

Talking with your child helps them learn to speak and teaches them how to listen and talk with others. Taking the time to talk with your kids also makes them feel good about themselves. **Ask** your child what happened at school today, **ask** them what activities they may like, and **show them that you're interested** in what they have to say.

This week at **playgroup** we will be making **wind blowers** and **kites**! Come along and have some fun!
