Jayden  
Chisholm

Reece  
Wentworth

Imogen  
Bass

Students in Lawson had a fantastic Science Lesson. They had to create a safety shell and place a person made out of unifix blocks inside it. The safety shell had to be made out of recycled items and had to protect the unifix person from being dropped on the concrete. Some of the designs were fantastic and extremely safe for the unifix person!

# CELEBRATING FRANKLIN!

## Tumut Rotary Carols By Candlelight

Carols by Candlelight will be staged a little differently this year due to Covid restrictions.

Franklin's contribution to the event was pre-recorded by a few Year 6 students in the studio and will be broadcast during the carols on Sounds Of The Mountains on Sunday 13th December.

Stage 3 Students forming a pyramid

## Bushfire Recovery Incentive

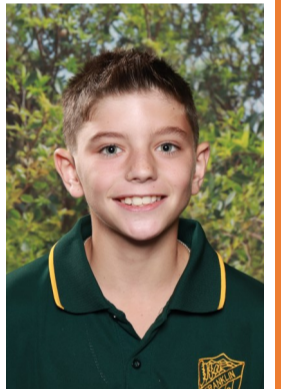

Last week Franklin students participated in a Bushfire Recovery program which promotes resilience in kids. Students learned about overcoming adversity and how to regulate their feelings and emotions through group activities.

All students enjoyed their time participating in the group challenges.

## Middle School Report by Chloe Weir

Hi my name is Chloe Weir, and these past few weeks have been awesome going to the Middle School program and meeting all the new teachers and some of the students and other workers at Tumut High School. Every second week we have been going to the High School to learn more about where to go, what teachers we will have and how to read our time tables. I asked Tyce Byrne what his opinion was of the Middle School program and he said that he likes experiencing all the new things up at High School. He is very excited to go to high school and experience all the new students and teachers. Tyce liked meeting all the new people from different schools as well. He liked how big the school is and how different it is compared to Franklin. He liked all the activities we have done, for example, Math and the Agricultural Farm. I'm also really looking forward to all we will be learning and the many new experiences.

## Year 6 Dinner

The Year 6 Dinner will take place on Thursday 10th December from 5pm to 6.30pm in the Miles Franklin Hall. Unfortunately, due to Covid restrictions, we are unable to have parents at this event. There will be photos taken for parents and caregivers. There will be no cost to students. We look forward to seeing our Year 6 students in their best dinner attire.

## Year 6 Fundraiser

Year 6 will be raising money for the school on Thursday 10th and Friday 11th December.

The students have organised fun activities across the school for younger students to participate in. Each go will cost a student 20c, so if parents could send some 20 cent pieces in with your children on those days to ensure they can have some fun Year 6 would be very appreciative.

## P&C Raffles

Franklin P&C are holding **two raffles** as their Xmas Fundraiser this year.

The first raffle is for **2 vouchers**, first prize being a \$400 voucher from Ground Up Tumut, second prize being a \$200 voucher from Tumut Toyworld.
